La Flor de Málaga

Guitars, percussion, saxophone, back vocals, zambomba, tambourines

1.30 h (w/out intermission)

When speaking of Christmas in Malaga, one must also speak of Encarni Navarro and her 'zambombá', a show that for more than a decade has sold out. Her spontaneity and capacity to make her audience participate have made her a prophet in her land and queen of Christmas festivities.

With the legacy she received from her father, 'el Morralla', and the respect he taught her, she continues to encourage this Christmas tradition with musicians and friends, performing the same Christmas carols as always, some composed by artists from Malaga and others composed by her.

Encarni Navarro is one of the most popular singers in Malaga, constantly promoting everything in connection with the city's distinctive features and local festivities, including Christmas, Holy Week and the August Fair.

On this occasion, and with the support of La Flor de Málaga 'Aceites Málaga', Encarni Navarro wants to benefit the neediest, enhance the values of solidarity and donate joy.

Christmas is not complete without Encarni Navarro's 'zambombá'.
