Sophie is an old woman who spends her time calmly in her living room. One day her sofa comes to life and accompanies her through the best period of her memories. Even though they just last an instant, sharing them with her can be a marvelous experience. We all smile on remembering something that caused us happiness and an intense emotion. Humour, tenderness and absurdity are present in every moment of the show.

Tuttilifamili is company from Granada with an adventurous spirit. In 2012 Jose Rodríguez and Ana Puerta decided to create their own company to research theatre of gestures, magic and music as resources to tell stories. Tuttilifamili won the National General Magic Award at the National Magic Conference in 2014 (Caceres), the Almussafes Magico Award in 2016, the FISM Europe Award for The Most Original Act in 2018 (Blackpool), and the FISM World Championship of Magic Award for Comedy

Magic in 2018 (Busan).
