We ask for wishes to come true in many different ways: blowing out candles on our birthday, watching shooting stars, blowing on an eyelash... But where do these wishes go? Who makes them come true? In *Blowing*, through the journey of a small spore whose mission is to make Yuri's wish come true, we will find the answers to these answers...or many not!

Múcab Dans is a company that was created to produce multidisciplinary shows that combine performing and virtual arts, seeking to communicate with the audience by means of a unique language of movement.
