LA VERDADERA HISTORIA DEL RATONCITO PÉREZ

[The true story of the Little Mouse Ratoncito Perez]
La Fábrica de los Cuentos
Script and stage direction La Fábrica de los Cuentos
Actors-handlers José Vera and Laura Vil

1.00 h (w/out intermission) Puppet and actor theater. From 4 years

Every night, a little mouse called Fito asks his grandfather to tell him stories about Ratoncito Perez, his favourite superhero. Fito does not like school very much because Nelson picks on him and takes his sandwich away every day. One day Fito meets an ideal companion, Loreto the bird, who tells him a secret: his grandfather is the real Ratoncito Perez! That night a little boy discovers the grandfather taking his tooth and leaving a coin in its place. Fito and Loreto will have to save him.
After many years sharing the stage in various theater companies in Andalusia, Laura Vil and Jose Vera, in 2018, decide to create their own company to delve even deeper into the world of puppetry and childhood, with the commitment to transmit values of awareness against bullying, friendship, trust and personal growth.
